CONCERT

CROWD AT GERMAN HOUSE EXCEED-ED SEATING CAPACITY.

Major A. B. Schanz, of Attica, who is Much Praise for Director Ernestinoff -The Evening's Programme Much Enjoyed.

The last concert of the German Club and semi-annual muster in the Armory last Musikverein season in the auditorium of by an audience that far exceeded the seatat drills. Major Schanz has announced his audience, however, was no occasion for surprise since the varied and delightful programme rendered by this strong musical organization could scarcely fail of popularity. In last night's event, as indeed on the occasion of every other concert by the German . Club and Musikverein this season, Director Ernestinoff displayed his talent and versatility in a marked degree. If a man who directs an orchestra or a singing society well is deserving of high praise what shall be said of one who directs with consummate skill and talent choruses of men and women and an orchestra besides, all at one concert, as did Professor Ernestinoff last night? The evidently thorough enjoyment of the audience, as attested by its frequent demand for encores, seemed ample reward to the hard-working and painstaking conductor. The programme began with the thrilling
